

an EnPro Industries company

**SUPPLEMENTAL PURCHASING TERMS AND CONDITIONS
FLOWDOWN CLAUSES FOR ITEMS PURCHASED IN
SUPPORT OF THE T-AO PROGRAM**

BF5874

Effective January 1, 2018

- 1. RATED ORDER.** If this is a “rated order” certified for national defense use, Seller shall follow all the requirements of the Defense Priorities and Allocation System Regulations (15 C.F.R. Part 700).
- 2. CERTIFICATIONS.** By accepting or performing this Purchase Order, Seller certifies that:

 - a. Neither Seller nor any of its Principals are presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency. “Principal” means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).
 - b. Neither Seller nor any of its affiliates are owned or controlled by the government of a country that is a state sponsor of terrorism.
 - c. Seller: (i) is in compliance with Sec. 202 of Executive Order 11246, as amended by Executive Order 11375, and subsequent Executive Orders and the Rules and Regulations set forth by the Secretary of Labor in effect as of the date of this Executive Order; (ii) does not and will not provide or maintain at any of its establishments, nor permit its employees to perform their services at any location under its control where there are maintained segregated facilities; and (iii) agrees that a breach of this Certification violates the Equal Employment clause of Executive Order 11246. “Segregated Facilities” means facilities which are in fact segregated on a basis of race, color, religion, sex, sexual orientation, gender identity, or national origin. Seller agrees to: (1) obtain an identical certification from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause; and (2) maintain such certifications in its files. The penalty for making a false representation is prescribed under 18 U.S.C. 1001 and any such false representation shall be a material breach of this Purchase Order.
 - d. If it has participated in a previous prime contract or subcontract subject to FAR 52.222-26, “Equal Opportunity,” that Seller has filed all required compliance reports.
 - e. If it has previously had contracts subject to the written affirmative action programs requirement of the rules and regulations of the Secretary of Labor (41 CFR 60-1 and 60-2), that Seller has developed and has on file at each establishment affirmative action programs required by such rules and regulations.
 - f. If Seller is registered in the System for Award Management (“SAM”), the size or socioeconomic representations and certifications in SAM (or any other successor system) are current, accurate and complete as of the date of Seller’s offer.
 - g. To the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, or an employee of a Member of Congress on its

behalf in connection with the awarding of this Purchase Order. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of Seller with respect to this Purchase Order, Seller shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. Seller need not report regularly employed officers or employees of Seller to whom payments of reasonable compensation were made. Submission of this certification and disclosure is a prerequisite for making or entering into this Purchase Order imposed by 31 U.S.C. 1352. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure required to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure. As used in this Certification, "Lobbying contact" has the meaning provided at 2 U.S.C. 1602(8) and the remaining terms are defined in FAR clause 52.203-12, "Limitation on Payments to Influence Certain Federal Transactions."

h. If the Purchase Order involves "covered defense information" (as defined at DFARS 204.7301), Seller will implement the security requirements specified by National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171 "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations" (see <http://dx.doi.org/10.6028/NIST.SP.800-171>) that are in effect at the time the Purchase Order is issued or as authorized by Buyer. If Seller proposes to vary from any of the security requirements specified by NIST SP 800-171 that are in effect at the time the Purchase Order is issued, Seller shall submit to Buyer a written explanation of: (i) why a particular security requirement is not applicable; or (ii) how an alternative but equally effective, security measure is used to compensate for the inability to satisfy a particular requirement and achieve equivalent protection.

3. EQUAL EMPLOYMENT OPPORTUNITY. Buyer and Seller shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a), 60-741.5(a) and 29 CFR Part 471, Appendix A to Subpart A. These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability. Seller shall include this Paragraph 3 in each lower-tier subcontract it issues.

4. CERTIFICATES OF CONFORMANCE

a. Seller shall include with each shipment of Goods a Certificate of Conformance as follows:

I certify that on [*insert date*], the [*insert Seller's name*] furnished the supplies or services called for by Purchase Order No. [*insert Purchase Order number*] via [*insert Carrier*] on [*identify the bill of lading or shipping document*] in accordance with all applicable requirements. I further certify that the supplies or services are of the quality specified and conform in all respects with the contract requirements, including specifications, preservation, packaging, packing, marking requirements,

and physical item identification (part number), and are in the quantity shown on this or on the attached acceptance document. I further certify that, except as stated below, the supplies have been mined, produced, or manufactured in the United States and, if the supplies contain specialty metals, the supplies comply with the restrictions on specialty metals, as implemented through the Department of Defense Federal Acquisition Regulation Supplement.

Date of Execution: _____

Signature: _____

Title: _____

The following Goods supplied under this Purchase Order have not been mined, produced, or manufactured in the United States:

Item Number or Identifier: _____

Country of manufacture: _____

Buyer will not accept shipments of Goods that do not contain a properly executed Certificate of Conformance as required in this Paragraph 4.

5. EXPORT CONTROLS AND ECONOMIC SANCTIONS

a. Seller agrees to comply with all applicable export control and economic sanctions laws including, but not limited to: (i) the Export Administration Regulations (EAR) administered by the U.S. Department of Commerce; (ii) the International Traffic in Arms Regulations (ITAR) administered by the U.S. Department of State; (iii) the various economic sanctions programs administered by the U.S. Department of Treasury's Office of Foreign Assets Control (OFAC regulations) and the U.S. Department of State's Office of Terrorism Finance and Economic Sanctions Policy; and (iv) any export controls or economic sanctions maintained by the European Union ("EU"), United Kingdom, or any other governmental authority to which Seller is subject (collectively "Export Control Laws").

b. Seller shall obtain any authorizations, licenses, or registrations required under the aforementioned Export Control Laws, including those required for the sale at issue to Buyer. Seller will furnish Buyer with: (i) documentation identifying: any articles, services, software, technology, and/or technical data requiring subject to these Export Control Laws; (ii) written confirmation of the relevant Export Classification Control Numbers ("ECCNs"), U.S. Munition List ("USML") category numbers, or other export classification designators for each such item; and (iii) copies of any related export licenses or authorizations. If Seller sources such items outside the United States, then Seller shall notify Buyer and take all necessary measures to comply with all foreign Export Control Laws that may relate to the sale or transfer of the same.

c. Seller shall clearly and appropriately label any controlled technical data (including, but not limited to, drawings, designs, specifications, blueprints, CAD information, and other technical documents or electronic information related to the production, manufacture, or maintenance of a controlled article) that it provides to Buyer with as controlled pursuant to the EAR, ITAR, and/or other applicable laws. Seller shall provide any controlled technical data

communicated to Buyer using secure communication protocols designed for the purpose of complying with the aforementioned Export Control Laws. Under no circumstances should such information be emailed using systems that are not designed for the secure communication of controlled technical data.

d. Seller agrees that it will not source any articles, services, software, technology, or technical data that originate from any country, government, organization, or person that is: (i) subject to U.S., EU, or British economic sanctions or other applicable sanction regimes; or (ii) any party that is debarred or restricted pursuant to the aforementioned Export Control Laws, or the U.S. Department of Defense Federal Acquisition Regulations.

e. Seller is solely and exclusively responsible for safeguarding all export controlled articles, services, software, technology, or technical data until Buyer receives the items at issue. This includes both exports to a non-U.S. destination and allowing non-U.S. persons to access such items while located within the United States. Seller will also take appropriate steps to ensure that no export controlled articles, services, software, technology, or technical data can be shipped to a controlled country (or otherwise accessed by unauthorized foreign nationals) without the appropriate export licenses. Where the Seller is shipping of a controlled article, the Seller shall use a carrier that maintains procedures designed to comply with the aforementioned Export Control Laws, and to provide any required notifications to the carrier that the shipment involves controlled items.

f. If the Seller is a signatory to a Technical Assistance Agreement (“TAA”) or Manufacturing License Agreement (“MLA”) with Buyer, Seller shall promptly notify Buyer of any changed circumstances that would require modifying the terms of such an agreement, including any potential violation of the terms of the agreement, any ineligibility to export, any investigation into alleged violations of the aforementioned Export Control Laws, any self-disclosure of potential export controls violations, any addition of foreign personnel to any project covered by such an Agreement, or any other circumstances that may affect the Seller’s ability to perform pursuant to the terms of the Agreement.

g. Seller shall immediately notify Buyer if it is or becomes listed on any Excluded or Denied Party List maintained by any U.S. EU, or British agency, or if any government denies, suspends, or revokes its export privileges.

h. Seller shall prepare and provide accurate invoices and documentation for each shipment that will allow Buyer to comply with the export and import requirements administered by U.S. Customs & Border Protection (“CBP”), including: (i) the Seller’s name and address; (ii) the terms of sale; (iii) the total quantity of Goods being shipped; (iv) a description of the Goods being shipped; (v) the country of origin of the Goods; (vi) the valuation of the Goods; (vii) the currency in which the Goods are priced; and (viii) any discounts that have been included for the shipment that are not otherwise reflected in the unit price.

i. Seller shall promptly notify Buyer of any suspected violation of the aforementioned Export Control Laws. Seller further agrees that it will fully cooperate in any investigation related to the subject matter of the Purchase Order, including by providing full access to relevant personnel and records to aid Buyer in the identification and evaluation of any suspected violation, following reasonable notice from Buyer.

j. Seller agrees to indemnify Buyer for any fines, penalties, claims, losses, damages, costs (including legal costs), expenses, and liabilities (including costs of investigation

of potential violations of the aforementioned Export Control Law) that may arise as a result of Seller's breach of any of the provisions within this Paragraph 5.

k. Seller shall request of Buyer, 7 days in advance, in writing, any required access to Buyer's Customer's facilities by any and all of Seller's employees, sub-licensee, its suppliers or other agents, at any tier, and shall include in any such request, the name and citizenship/nationality, (or in the case of dual or third country citizenship/nationality, the countries of citizenship/nationality), of each such person. For the purposes of the Purchase Order, the term "national" refers to an individual's place of birth, all citizenships and all lawful permanent residencies of any country.

6. COUNTERFEIT ELECTRONIC PARTS PREVENTION (applicable only to Purchase Orders for Goods containing electronic parts)

a. Definitions:

i. Authentic – shall mean (A) genuine; (B) purchased from the OEM, OCM or through the Authorized Dealers of the OEM or OCM; and (C) manufactured by, or at the behest and to the standards of, the manufacturer that has lawfully applied its name and trademark for that model/version of the material.

ii. Authorized Dealer – A dealer or distributor that purchases directly from the OEM or OCM and is authorized or franchised by the OEM or OCM to sell or distribute the OEM's/OCM's goods.

iii. Counterfeit Electronic Part – An unlawful or unauthorized reproduction, substitution or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified Electronic Part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used Electronic Parts represented as new, or the false identification of grade, serial number, lot, number, data code, or performance characteristics. This definition includes end items, components, subcomponents, parts, or assemblies that contain them.

iv. Electronic Part – An integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode) or a circuit assembly, and also includes embedded software or firmware.

v. Non-Franchised Source – Any source that is not authorized by the OEM or OCM to sell its product lines. Non-Franchised Sources may also be referred to as brokers or independent distributors.

vi. Obsolete Electronic Part – Any Electronic Part that is no longer in production by the OCM or OEM or an aftermarket manufacturer that has been provided express written authorization from the current design activity or OCM or OEM.

vii. OCM or OEM – An organization that designs and/or engineers a part or equipment and is pursuing or has obtained the intellectual property rights to that part or equipment.

viii. Suspect Counterfeit Electronic Part – An Electronic Part is no longer in production by the OCM or OEM or aftermarket manufacturer that has been provided express written authorization from the current design activity or OCM or OEM. A Suspect Counterfeit Electronic Part also includes any Electronic Parts that Buyer becomes aware, or has reason to suspect, through credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the Electronic Part is Authentic. If any individual part from a lot is determined to be counterfeit or suspect counterfeit, the entire lot of parts will be considered to be suspect counterfeit.

b. Terms and Conditions:

i. Seller represents and warrants that only new and Authentic materials are used in Goods delivered to Buyer and that the Goods delivered contains no Counterfeit Electronic Parts. No material, part, or component other than a new and Authentic part is to be used unless approved in advance in writing by Buyer's authorized procurement representative. To further mitigate the possibility of the inadvertent use of Counterfeit Electronic Parts, Seller shall only purchase Authentic parts/components directly from the OEMs, OCMs or through Authorized Dealers of the OEM/OCM. Seller represents and warrants that all parts/components delivered under this Purchase Order are traceable back to the OEM/OCM. Seller must maintain and make available to Buyer, at Buyer's request, OEM/OCM documentation that authenticates traceability of the parts/components to the applicable OEM/OCM. Purchase of parts/components from Non-Franchised Sources is not authorized unless first approved in writing by Buyer. Seller must present complete and compelling support for its request and include in its request all actions to ensure the parts/components thus procured are legitimate parts. Buyer's procurement representative's approval of Seller's request(s) does not relieve Seller's responsibility to comply with all Purchase Order requirements, including the representations and warranties in this Paragraph.

ii. Seller shall maintain a documented system (policy, procedure, or other documented approach) that provides for prior notification and the procurement representative's approval before parts/components are procured from sources other than OEMs/OCMs or the OEM's/OCM's Authorized Dealers. Seller shall provide copies of such documentation for its system for Buyer's inspection upon Buyer's request.

iii. Seller must maintain an acceptable Counterfeit Electronic Part detection and avoidance system that complies with DFARS 252.246-7007 (Contractor Counterfeit Electronic Part Detection and Avoidance System) and SAE standard AS5553, *Counterfeit Electronic Parts, Avoidance, Detection, Mitigation, and Disposition*.

iv. If it is determined that Counterfeit Electronic Parts or Suspect Counterfeit Electronic Parts were delivered to Buyer by Seller, the Suspect Counterfeit Electronic Parts will not be returned to Seller or the supplier. Buyer reserves the right to quarantine any and all Suspect Counterfeit Electronic Parts it receives and to notify the Government Industry Data Exchange Program ("GIDEP") and other relevant government agencies. Seller shall promptly reimburse Buyer for the full cost of the Suspect Counterfeit Electronic Parts and Seller assumes responsibility and liability for all costs associated with the delivery of Suspect Counterfeit Electronic Parts, including, but not limited to, costs for identification, testing, and any corrective action required to remove and replace the Suspect Counterfeit Electronic Parts. The remedies in this Paragraph

shall apply regardless of whether the Warranty Period has ended, and are in addition to any remedies available at law or in equity.

v. If the procurement of materials under this Purchase Order is pursuant to, or in support of, a contract, subcontract, or task order for delivery of goods or services to the Government, the making of a materially false, fictitious, or fraudulent statement, representation or claim or the falsification or concealment of a material fact in connection with this Purchase Order may be punishable, as a federal felony, by up to 5 years' imprisonment and/or substantial monetary fines. In addition, trafficking in counterfeit goods or services, to include military goods or services, constitutes a federal felony offense, punishable by up to life imprisonment and a fine of fifteen million dollars.

vi. Seller shall flow the requirements of this Paragraph ("Counterfeit Electronic Parts Prevention") to its Suppliers at any tier who render performance or supplies to be used in support of this Purchase Order, even if Seller itself or its Suppliers are (i) exempt from Cost Accounting Standards; (ii) are a small business; or (iii) offer commercial items for Electronic Parts or assemblies containing Electronic Parts.

vii. Seller agrees to provide records, including traceability records, to Buyer to substantiate Seller's compliance upon Buyer's request. Seller agrees to cooperate in good faith in the event Buyer or Buyer's customers have a need to audit Seller's compliance.

Seller agrees to maintain all necessary records related to Seller's compliance with this Paragraph for a minimum of 10 years after the Goods have been delivered.

7. CONFLICT MINERALS DISCLOSURE

a. Pursuant to Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and its implementing regulations, Buyer is required to identify to its customer the presence and source of Conflict Minerals (gold, tantalum, tin or tungsten) contained in Buyer's manufactured Goods. Buyer's customer has implemented a comprehensive Conflict Minerals compliance program, which includes posting relevant information for suppliers at this website: <http://supplier.huntingtoningalls.com/sourcing/Conflict.minerals.html>. It is a requirement of this Purchase Order that Seller shall be familiar with this information and make all reasonable efforts to assist Buyer in identifying the presence and source of Conflict Minerals contained in the Goods sold by Seller to Buyer, as described further below.

b. As of the time of award of this Purchase Order, Seller represents that:

i. The Good(s) Seller will be supplying under this Purchase Order do not contain (a) gold or (b) tantalum, tin, or tungsten (derivatives of columbite-tantalite (coltan), cassiterite, and wolframite); or

ii. Alternatively, if the Good(s) contain gold, tantalum, tin, or tungsten, Seller agrees to provide the Buyer one of the following completed forms prior to delivery of the Good(s):

(1) The Global E-Sustainability Initiative Conflict Minerals Reporting Template ("GeSI CMRT") available at

<http://www.conflictreesourcing.org/conflict-minerals-reporting-template/>, with “Product” selected under the “Declaration Scope or Class” field;

(2) Written documentation about the source of Conflict Minerals in the Good(s) that provides substantively similar information to that requested by the GeSI CMRT.

c. If the status of any Good(s) changes during performance of this Purchase Order so that the representation or information provided pursuant to paragraph (a) of this provision is no longer accurate, then Seller must within 30 days complete and submit updated, accurate and current information to Buyer.

d. If Buyer determines that any representation made by Seller pursuant to this provision is inaccurate or incomplete in any respect, or Seller fails to timely submit the information required by this provision, then Buyer may, at its option, either withhold up to 10% of the Purchase Order price until such information is provided or terminate this Purchase Order pursuant to the provision of this Purchase Order titled “Termination for Default.”

e. Seller agrees that it shall require its own subcontractors and sellers (at any tier in the supply chain for a product delivered to Buyer under the Purchase Order) to furnish information to Seller necessary to support Seller’s obligations under this Paragraph.

8. GOVERNMENT-INDUSTRY DATA EXCHANGE PROGRAM (GIDEP).

If this Purchase Order is over \$500,000, Seller shall participate in the appropriate interchange of the GIDEP in accordance with GIDEP PUBLICATION 1 dated April 2008. Data entered will be retained by the program and provided to qualified participants. Compliance with this requirement shall not relieve Seller from complying with any other requirements of this Purchase Order. GIDEP materials, software and information are available without charge from the GIDEP Operations Center, P.O. Box 8000, Corona, California 92878. For further information, see this web site: <http://www.gidep.org>.

9. DISPUTES

a. If Buyer elects to prosecute any dispute involving this Purchase Order under the disputes procedure applicable to the U.S. Government prime or higher-tier contract, Seller shall cooperate fully with Buyer in prosecuting the dispute. Seller shall be bound by the final outcome of the disputes procedure if: (i) Buyer has afforded Seller an opportunity to participate in Buyer’s prosecution of the dispute; or (ii) Buyer, having decided to discontinue its own prosecution of the dispute, has afforded Seller an opportunity to continue to prosecute the dispute in Buyer’s name. Buyer and Seller shall each bear their own costs of prosecuting any dispute. Pending the final resolution of any dispute arising out of or relating to this Purchase Order, Seller shall proceed diligently with performance of this Purchase Order, including the delivery of Goods.

b. For all other disputes, the parties shall strive to settle amicably and in good faith any dispute arising in connection with this Purchase Order using the following escalation process: (1) by the technical and contractual personnel for each party; (2) by executive management of each party; (3) by mediation, or (4) by a court of competent jurisdiction in the State of Wisconsin.

c. Pending resolution of any dispute hereunder, Seller shall proceed diligently with the performance of work, including the delivery of Goods in accordance with Buyer's direction, as long as Buyer continues to pay Seller for Goods accepted at the Purchase Order price.

10. WARRANTY

a. For purposes of this Purchase Order, the "Warranty Period" as used in Paragraph 14 of Buyer's Terms and Conditions of Purchase shall mean the period expiring on the earlier to occur of (i) expiration of twelve months after Delivery (of the Vessel), or (ii) expiration of thirty-six months after readiness for shipment of the Goods.

11. NEW MATERIALS AND AUTHORIZED SOURCES

a. Seller represents and warrants to Buyer and its customer that the Goods are new (not used or reconditioned) and not of such an age or so deteriorated as to impair their usefulness or safety. If Seller intends to provide used or reconditioned Goods, Seller shall notify Buyer in writing and obtain advanced written authorization from Buyer to provide such used or reconditioned Goods.

b. Seller shall only purchase Goods: (i) directly from the OCM or OEM; or (ii) from a distributor or other source that purchases directly from the OCM or OEM and is authorized, franchised or certified by the OCM or OEM. Seller shall notify Buyer in writing and obtain advanced written consent from Buyer to use such Goods if Seller plans to purchase from sources that are not authorized, franchised or certified sources.

12. QUALITY; PROBLEM IDENTIFICATION REPORTS

a. Seller shall provide and maintain a commercially reasonable quality control system (i.e., the current version of ISO 9001) that complies with the quality control requirements of the Purchase Order. Records of all quality control inspection work by Seller shall be kept complete and available to Buyer and Buyer's customer.

b. Seller shall notify Buyer of any facts or occurrences that may increase the cost of, or time required for, performance of the Purchase Order or which may cause the Goods to fail to conform to the Purchase Order. Seller shall provide such notification within 2 days of the manifestation of such facts or occurrence.

c. Buyer may at any time issue to Seller a corrective action request that identifies any actual or potential failure of Seller to perform its obligations under the Purchase Order and that requests information from Seller, including, but not limited to, a factual explanation of the cause of the failure, a discussion of correction of any defects, process changes that will be implemented to prevent recurrence, and a schedule of performance. Seller shall provide a responsive reply in writing to any corrective action request within 7 days of receipt.

d. Problem Identification Reports ("PIR") shall be used by Seller to alert Buyer to actual or potential problems and to establish an early dialogue between Seller or Buyer with regard thereto. As used in this Paragraph, a problem is a fact or circumstance of which Seller is aware of that does, will or may (i) have an impact on the delivery schedule, completion or performance or cost (increase or decrease), or (ii) require a modification to the Purchase Order. Seller shall provide Buyer with a written report of each problem within 7 days after Seller

identifies such problem. Each PIR shall be dated, reference the Purchase Order, and describe the nature of the problem, the date that the problem arose, and the anticipated effects of the problem including but not limited to, delivery, cost of performance, and Seller's recommended resolution of the problem. The parties expressly agree that the PIR shall not constitute a modification or amendment of the Purchase Order and do not modify price or schedule.

13. INSURANCE

In addition to the insurance required by the Purchase Order, and without prejudice to Buyer's rights and Seller's indemnity obligations under Indemnity clause of the Purchase Order, Seller shall keep and maintain in effect, at its sole cost and expense, the following policies of insurance:

- a. Employer Liability insurance in the amount of \$1,000,000.
- b. When Seller, its employees, agents and subcontractors (including delivery persons) enter any facility owned, leased or operated by Buyer, then Seller shall maintain:
 - i. Commercial Automobile Liability insurance with coverage to include owned, hired and non-owned vehicles; with a minimum bodily injury and property damage combined single limit of \$2,000,000 per occurrence.
 - ii. Workers' Compensation and Longshore and Harbor Workers' Compensation Act insurance with minimum limits of liability conforming to the statutory requirements of the state where the work is to be performed and the United States of America, respectively.
 - iii. Employer's Liability insurance with minimum limits of \$1,000,000.
- c. If Seller's employees, subcontractors or suppliers are assigned aboard a Vessel for any reason, Seller shall maintain Maritime Employer's Liability (Jones Act) coverage with minimum limits of liability of \$2,000,000 per occurrence and \$2,000,000 in the aggregate.
- d. If Seller's employees, subcontractors or suppliers are required under the Purchase Order to perform any work related to any U.S. Government contract outside of the United States, Seller shall maintain Defense Base Act coverage with minimum limits conforming to the statutory requirements of the United States.
- e. Each such policy shall be underwritten by an insurance company with minimum A.M. Best ratings of "A-, VII" or equivalent and general liability insurance shall provide that it is primary insurance to and noncontributing with any other insurance carried by Buyer. The policies referred to above in paragraphs (a) and (b)(i) shall name Buyer as an "additional insured". The policies referred to above in paragraphs (b)(ii), (b)(iii), (c) and (d) shall contain a waiver of subrogation in favor of Buyer.
- f. Certificates evidencing Seller's compliance with these insurance requirements shall be delivered to Buyer upon issuance of the Purchase Order and renewals thereof sent to Buyer upon expiration of the respective policy terms. Seller, its insurance broker or insurer shall be obligated to immediately notify Buyer in writing of any cancellation of required coverage or any material change therein.

g. The insurance coverage limits stated above are minimum insurance coverage requirements, not limits of Seller's liability. Notwithstanding the above-required insurance policies, Seller shall be obligated for the full and total amount of any damage, injury, expense or loss.

14. CHANGES AND REQUESTS FOR EQUITABLE ADJUSTMENT SUBMISSIONS

a. This Paragraph covers all forms of changes to the Purchase Order, including without limitation, all agreed upon change orders as well as Requests for Equitable Adjustment ("REAs"). Nothing in this Paragraph shall excuse Seller from proceeding with diligent performance.

b. Seller is advised that Buyer is under strict contractual terms with Buyer's customer and Buyer is not allowed to make any change without first securing prior written approval from Buyer's customer. Seller must notify Buyer of changes that Seller makes in its design, manufacturing process or commercial specifications that would change or modify the Purchase Order, even if such changes do not materially alter the form, fit or function of the Goods to be delivered under the Purchase Order. Seller shall inform Buyer of such changes not less than 20 days before the applicable delivery date specified in the Purchase Order.

c. Seller shall submit a detailed written estimate of the impact of the change on the Purchase Order price, the performance or delivery schedule, and the performance capabilities of the Goods within 20 days after receiving a written request from Buyer's authorized procurement representative. Seller's failure to adhere to the time deadlines in asserting its equitable adjustment claim may cause Seller to waive its ability to make a claim if such delay is prejudicial to Buyer's ability to include Seller's claim in Buyer's claim to Buyer's customer. Buyer may, in its sole discretion, consider any claim regardless of when asserted.

d. Buyer will issue a change order in the form of an additional or amended Purchase Order, adding or deleting elements of either the price or the time to complete the Purchase Order after the parties reach agreement on the change request. If the parties do not reach agreement or an accord and satisfaction, then Seller shall submit a written REA to Buyer fully stating, with all forms of back-up data, (e.g., specific and clear time records for laborers as to what they were doing, when, for what duration, and at what price, any underlying contracts for additional or different materials, delivery charges, etc.), as to why Seller is entitled to a price and/or time adjustment.

e. SELLER'S REA SHALL EITHER BE RESOLVED BY THE PARTIES WITHIN 4 MONTHS FROM THE DATE OF ITS SUBMISSION TO BUYER OR IT SHALL BE THE SUBJECT OF THE DISPUTES CLAUSE. IF THE PARTIES HAVE NOT RESOLVED THE REA OR SUBMITTED THE MATTER FOR DISPUTE RESOLUTION PURSUANT TO THE DISPUTES SECTION WITHIN A REASONABLE PERIOD AFTER SUCH FOUR MONTH PERIOD, THE REA IS TIME BARRED, AND FOREVER RELEASED OR WAIVED. THIS IS A CONTRACTUAL STATUTE OF LIMITATIONS FOR THE PARTIES.

f. SELLER AGREES IT SHALL NOT FILE AN REA AFTER EXPIRATION OF THE WARRANTY PERIOD.

g. Seller shall certify any REA for a Purchase Order in support of a Government Prime Contract is made in accordance with the provisions of DFARS clause 252.243-7002, "Request for Equitable Adjustment."

15. DOCUMENTATION OF REQUESTS FOR EQUITABLE ADJUSTMENT

a. For the purposes of this special requirement, the term "change" includes not only a change that is made pursuant to a written order designated as a "change order" but also (1) an engineering change proposed by Buyer, Buyer's customer, the Government, or Seller; and (2) any act or omission to act on the part of Buyer's customer or the Government in respect of which a request is made for equitable adjustment.

b. Whenever Seller requests or proposes an equitable adjustment of \$100,000 or more per Vessel in respect to a change made pursuant to a written order designated as a "change order" or in respect to a proposed engineering change and whenever Seller requests an equitable adjustment in any amount in respect to any other act or omission to act on the part of the Government, the proposal supporting such request shall contain the following information for each individual item or element of the request: (1) A description (i) of the work required by the Purchase Order before the change, which has been deleted by the change, and (ii) of the work deleted by the change which already has been completed. The description is to include a list of components, equipment, and other identifiable property involved. Also, the status of manufacture, procurement, or installation of such property is to be indicated. Separate description is to be furnished for design and production work. Items of raw material, purchased parts, components and other identifiable hardware, which are made excess by the change and which are not to be retained by Seller, are to be listed for later disposition; (2) Description of work necessary to undo work already completed which has been deleted by the change; (3) Description of work not required by the terms hereof before the change, which is substituted or added by the change. A list of components and equipment (not bulk materials or items) involved should be included. Separate descriptions are to be furnished for design work and production work; (4) Description of interference and inefficiencies in performing the change; (5) Description of each element of disruption and exactly how work has been, or will be disrupted: (i) The calendar period of time during which disruption occurred, or will occur; (ii) Area(s) aboard the Vessel where disruption occurred, or will occur; (iii) Trade(s) disrupted, with a breakdown of man-hours for each trade; (iv) Scheduling of trades before, during, and after period of disruption; (v) Description of measures taken to lessen the disruptive effect of the change; (6) Delay in delivery attributable solely to the change; (7) Other work attributable to the change; (8) Supplementing the foregoing, a narrative statement of the direct "causal" relationship between any alleged Government act or omission and the associated claimed consequences, cross referenced to the detailed information provided as required above; and (9) A statement setting forth a comparative enumeration of the amounts "budgeted" for the cost elements, including the material costs, labor hours and pertinent indirect costs, estimated by Seller in preparing its initial and ultimate proposal(s) for this Purchase Order, and the amounts claimed to have been incurred and/or projected to be incurred corresponding to each such "budgeted cost" elements.

c. Each proposal in excess of \$100,000 submitted in support of a claim for equitable adjustment under any requirement of this Purchase Order shall, in addition to the information required by paragraph (b) hereof, contain such information as Buyer may require with respect to each individual claim item.

d. It is recognized that individual claims for equitable adjustment may not include all of the factors listed in paragraph (b) above. Accordingly, Seller is required to set forth in its

proposal information only with respect to those factors which are comprehended in the individual claim for equitable adjustment. In any event, the information furnished hereunder shall be in sufficient detail to permit Buyer and Buyer's customer to cross-reference the claimed increased costs, or delay in delivery, or both, as appropriate, submitted pursuant to paragraph (c) of this requirement, with the information submitted pursuant to paragraph (b) hereof.

16. EQUITABLE ADJUSTMENTS: WAIVER AND RELEASE OF CLAIMS

a. Whenever Seller, after receipt of a change made pursuant to the clause of this Purchase Order entitled "CHANGES" or after affirmation of a constructive change under the "NOTIFICATION OF CHANGES" (FAR 52.243-7) requirement, submits any claim for equitable adjustment under the foregoing, such claim shall include all types of adjustments in the total amounts to which the foregoing entitle Seller, including but not limited to adjustments arising out of delays or disruptions or both caused by such change.

b. Further, Seller agrees (except as the parties may otherwise agree) that, if required by Buyer and/or Buyer's customer, Seller will execute a release, in form and substance satisfactory to Buyer and/or Buyer's customer, as part of the supplemental agreement setting forth the aforesaid equitable adjustment, and that such release shall discharge Buyer, its officers, agents and employees, from any further claims including but not limited to further claims arising out of delays or disruptions or both, caused by the aforesaid change.

17. NOTIFICATION OF CHANGES

a. Definitions. As used in this requirement, the term "conduct" includes both actions and failures to act, and includes the furnishing of, or the failure to furnish, any item under any provision of this Purchase Order.

b. Notice. The primary purpose of this requirement is to obtain prompt reporting of any conduct which the Seller considers would constitute or would require a change to this Purchase Order. The parties acknowledge that proper administration of this Purchase Order requires that potential changes be identified and resolved as they arise. Therefore, except for changes identified as such in writing and signed by Buyer or Buyer's customer, Seller shall notify Buyer of any conduct which Seller considers would constitute or would require a change to this Purchase Order. Such notice shall be provided promptly, and in any event within fifteen (15) calendar days from the date Seller identifies any such conduct. The Notice shall be written and shall state, on the basis of the most accurate information available to Seller: (i) the date, nature, and circumstances of the conduct regarded as a change; (ii) the name, function, and activity of the individuals directly involved in or knowledgeable about such conduct; (iii) the identification of any documents and the substance of any oral communication involved in such conduct; (iv) the particular elements of Purchase Order performance for which Seller might seek an equitable adjustment under this requirement, including: (1) what ship(s) have been or might be affected by the potential change; (2) to the extent practicable, labor or materials or both which have been or might be added, deleted, or wasted by the potential change; (3) to the extent practicable, Seller's preliminary order of magnitude estimate of cost and schedule effect of the potential change; and (4) what and in what manner are the particular technical requirements or Purchase Order requirements regarded as changed.

c. Continued Performance. Except as provided in paragraph (f) below, following submission of Notice, Seller shall take no action to implement a potential change until advised by Buyer in writing as provided in (d) below, unless the potential change was previously directed by

Buyer's customer to Buyer, in which case Seller shall conform therewith. Nothing in this paragraph (c) shall excuse Seller from proceeding with performance other than implementation of the potential change or from proceeding in accordance with directions issued by Buyer's customer to Buyer.

d. Government Response. Buyer shall promptly, and in any event within twenty one (21) calendar days after receipt of Notice, respond thereto in writing to Buyer, who in turn, will respond promptly to Seller. In such response, Buyer shall either:

i. Confirm that the conduct of which Seller gave Notice would constitute a change, and when necessary, direct the mode of further performance, or;

ii. Deny that the conduct of which Seller gave notice would constitute a change and, when necessary, direct the mode of further performance, or;

iii. Deny that the conduct of which Seller gave notice would constitute a change and, when necessary, direct the mode of further performance, or;

iv. In the event Seller's Notice information is inadequate to make a decision under (i), (ii) or (iii) above, advise Seller what additional information is required. Failure of Buyer's customer to respond within the time required above shall be deemed a countermand under (d)(ii).

e. Equitable Adjustments. Equitable adjustments for changes confirmed or countermanded by Buyer's customer shall be made in accordance with the clause of this contract entitled "CHANGES", or any other requirement of this Purchase Order which provides for an equitable adjustment.

f. Special Procedures. Paragraph (c) provides that Seller is to take no action to implement a potential change pending Buyer's customer's response to Seller's notice of the potential change, except where specifically directed by Buyer's customer to Buyer. In special situations, however, where:

i. the circumstances do not allow sufficient time to notify Buyer's customer of the facts prior to the need to proceed with the work; and

ii. the work must proceed to avoid hazards to personnel or property or to avoid additional cost to Buyer, Buyer's customer, or the Government

Seller may proceed with work in accordance with the potential change. In such special situations, Seller shall advise Buyer so that Buyer may also advise Buyer's customer in writing within ten (10) days of the conduct giving rise to the potential change that Seller has proceeded and shall describe the nature of the special situation which required proceeding prior to notification. Within fifteen (15) calendar days of the conduct giving rise to the potential change, Seller shall provide notice as required in (b) above. Buyer's customer shall respond as set forth in (d) above to Buyer, who will pass through the notice to Seller. If Buyer's customer determines that the conduct constitutes a change and countermands it, Seller shall be entitled to an equitable adjustment for performance in accordance with that change prior to the countermand including performance resulting from the countermand.

g. When Seller identifies any conduct which may result in delay to delivery of the ship(s), Seller shall promptly so inform Buyer so that he/she may inform Buyer's customer thereof prior to providing the notice required by paragraph (b) above.

18. OTHER CHANGE PROPOSALS

a. Buyer may propose engineering changes pursuant to other requirements of this Purchase Order, and in addition to issuing changes pursuant to the clause of this Purchase Order, and may propose other changes within the general scope of this Purchase Order as set forth below. The changes may also arise if proposed by Buyer's customer or the Government.

b. Pending execution of a bilateral agreement or the direction of Buyer pursuant to the "CHANGES" clause, Seller shall proceed diligently with performance without regard to the effect of any such proposed change.

In the event that a change proposed by Buyer is not incorporated into the Purchase Order, the work done by Seller in preparing the estimate in accordance with subparagraph (a) above shall be treated as if ordered by Buyer under the "CHANGES" clause. Seller shall be entitled to an equitable adjustment in the Purchase Order price for the effort required under subparagraph (a), but Seller shall not be entitled to any adjustment in delivery date. Failure to agree to such equitable adjustment in the Purchase Order price shall be a dispute within the meaning of the provision at Paragraph 9 of this Purchase Order entitled "DISPUTES."

19. FURNISHED PROPERTY

a. Buyer may provide Furnished Property to Seller for the Purchase Order. Title to Furnished Property remains with the original owner of the Furnished Property. THERE IS NO WARRANTY OR REPRESENTATION WHATSOEVER, EITHER EXPRESS OR IMPLIED, AS TO THE FITNESS, CONDITION, MERCHANTABILITY, DESIGN OR OPERATION OF THE FURNISHED PROPERTY OR ITS FITNESS FOR ANY PARTICULAR PURPOSE.

b. Seller shall be strictly accountable for any Furnished Property that comes into the control of Seller, including, but not limited to, any material removed from any Vessel, oils or fuels. Unless already so marked by Buyer, Seller shall clearly mark all Furnished Property to identify the proper ownership and, upon request, shall furnish Buyer with a list of all Furnished Property in its possession. The Furnished Property shall be used only for the Purchase Order and held at Seller's sole risk and insured at Seller's sole risk and insured at Seller's sole expense in an amount equal to its replacement cost, with loss payable to Buyer. Buyer may inspect and/or remove any Furnished Property at any time at no charge to Buyer, and Buyer shall have reasonable access to Seller's premises for such purpose. Seller shall return such Furnished Property upon Buyer's demand, and return expenses paid as specified on the face of the Purchase Order.

c. Seller shall protect, preserve and maintain records of all such property in conformance with the requirements of FAR clause 52.245-1, "Government Property" when the Purchase Order is in support of a Government Prime Contract.

20. CONFIDENTIALITY AND THIRD PARTY INTELLECTUAL PROPERTY RIGHTS

Information furnished by Buyer and identified as “Fairbanks Morse Engine Confidential/Proprietary Information,” “NASSCO Proprietary/Trade Secret Information,” or otherwise identified as proprietary or subject to restricted access or dissemination shall, as between Seller and Buyer, be and remain Buyer’s intellectual property or Buyer’s customer’s intellectual property, if identified with appropriate restrictive markings. The information shall not be duplicated, used or disclosed except for the purpose and to the extent necessary for Purchase Order performance. Upon Purchase Order completion, all such information relating to this Purchase Order shall be delivered to Buyer or destroyed by Seller as Buyer specifies (including all copies). Seller shall destroy all Buyer proprietary or confidential information within 1 year after termination or completion of the Purchase Order, and Seller shall provide a written acknowledgement confirming destruction of such information to the Buyer. Seller shall use its commercially reasonable efforts to maintain the confidentiality of this information. Seller may disclose such information only to those third parties who have a need to know such information for Purchase Order performance, provided that third parties are informed of the confidential nature of the same and have agreed in writing to protect such information consistent with Seller’s obligations hereunder. These obligations are not imposed upon Seller if: (i) such information is already known to Seller at the time provided, (ii) is lawfully obtained by Seller from another source, (iii) becomes a part of the public domain otherwise than as a result of breach of this Paragraph; or (iv) is independently developed by Seller without reference to the confidential information provided to Seller under this Purchase Order. Seller further represents that it has read and understood the specifications, and that based on its past experience and superior knowledge, Seller warrants to Buyer and its successors in interest that the manufacture, sale or use of the Goods, whether manufactured in accordance with the specification or otherwise, does not and will not infringe or interfere with any intellectual property rights(s) enforceable in the U.S. of any third party, including, without limitation, patent, trademark, copyright, trade secret, industrial design or other proprietary rights. Seller shall defend, indemnify and hold Buyer in respect of a breach hereof as set forth in Paragraph 23, Indemnity.

In addition:

a. Seller acknowledges and agrees that the design of the Vessels represents the accumulated experience, knowledge and expertise of Buyer’s customer, NASSCO, and such design, including any subsequent changes thereto, as contained in the specifications, is claimed to be the proprietary intellectual property of NASSCO and that it has substantial commercial value. Therefore, NASSCO reserves all rights of ownership in the specifications for the Vessels (“Vessel Specifications”).

b. For performance of the Purchase Order, Seller shall use only those portions of the Vessel Specifications as are required to perform hereunder. Seller shall not disclose the Vessel Specifications, in whole or in part, except as expressly allowed in writing by Buyer and only for performing under the Purchase Order. The Vessel Specifications shall be disclosed to Seller only as reasonably required for such purposes as are necessary in order to carry out the terms of the Purchase Order that Buyer has agreed to perform for Buyer’s customer. Seller shall not disclose any portions of the Vessel Specifications in such a complete form as would enable third parties to construct, or have constructed, a vessel of the same design as the Vessels without: (i) expressly prohibiting the further disclosure thereof; and (ii) expressly prohibiting the use thereof for the purpose of designing, constructing, repairing or having designed, constructed, or repaired, another vessel of the same design as the Vessels. For purposes of this Paragraph, “third parties” shall not include the American Bureau of Shipping (“ABS”), U.S. Coast Guard, or any other U.S. Regulatory Body or agency. At Buyer’s sole discretion, it may require Seller to execute a Non-Disclosure Agreement with additional requirements consistent with the foregoing terms.

c. Any design or engineering data, in whatever form, to the extent relating exclusively to the Vessels (as distinguished from the equipment itself and its ancillary components) that is produced by Seller under this Purchase Order (“Vessel IP”) shall be considered a “work made for hire.” In this regard, Seller agrees to assign, and does hereby assign, all rights, title and interest in and to all such Vessel IP produced under this Purchase Order, including without limitation all intellectual property rights in such design or engineering data. Notwithstanding anything else herein to the contrary, Buyer acknowledges and agrees that Seller may own certain know-how, trade secrets, plans, design and construction information, processes, manufacturing techniques, discoveries, inventions and ideas, product specifications, machinery, drawings, photographs, computer source codes, equipment, devices, tools and other engineering or technical information that is in existence prior to the date of the Purchase Order between the parties, whether or not protected by law, subject to pending applications or otherwise (“Pre-Existing Intellectual Property”). The Pre-Existing Intellectual Property shall remain the property of Seller. If the Pre-Existing Intellectual Property is incorporated into the Goods, Seller grants to Buyer a royalty-free, non-exclusive, irrevocable, world-wide license to use such Pre-Existing Intellectual Property as may be necessary for Buyer to use the Goods for the purposes for which such Goods were designed and intended, including Buyer’s right to provide such Pre-Existing Intellectual Property as embedded in the final deliverables provided by Buyer to Buyer’s customer. Seller grants to Buyer and Buyer’s customer a limited use license to the standard package of schematics and drawings provided by Seller pursuant hereto but only for any purpose related to the operation, maintenance, conversion, modification and repair of Vessels. Seller hereby grants to any subsequent purchasers of any of the Vessels the same rights as are granted to Buyer and Buyer’s customer under this Purchase Order.

d. For Goods provided in support of a Government Prime Contract, Seller grants the Government and Buyer the rights delineated in DFARS 252.227-7013 (Rights in Technical Data – Noncommercial Items), DFARS 252.227-7014 (Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation) and DFARS 252.227-7015 (Technical Data – Commercial Items). Applicable Government procurement regulations incorporated herein shall take precedence over any conflicting terms of this Paragraph (Confidentiality and Third Party Intellectual Property Rights) to the extent that such regulations so require. Buyer’s review of any designs submitted by Seller shall not relieve or in any way diminish Seller’s obligations and responsibilities under this Purchase Order. If Buyer identifies any non-conformance with Purchase Order requirements in any of Seller’s designs, Seller, to the extent Seller agrees with such non-conformance, shall take the required corrective action and resubmit the affected design to Buyer. If the parties are unable to agree as to whether a design conforms to the Purchase Order requirements, either party may treat the matter as a dispute to be resolved as provided in Paragraph 9, Disputes.

e. Seller shall comply with the requirements as administered by the Regulatory Bodies and ABS as set forth in the specifications or Purchase Order. If the specifications specifically require work in less than or even in excess of that required by a Regulatory Body, such specifically required work shall be performed by Seller, at its expense, as work required by this Purchase Order.

f. Notwithstanding any obligations of confidentiality set forth in the Purchase Order, including this Paragraph, Seller understands and agrees that the ABS and any other Regulatory Body are authorized to discuss and disclose to Buyer all submitted drawings, specifications, correspondence, and information of Seller. Upon discovery by Seller of any inadvertent or accidental disclosure of Buyer’s or NASSCO’s Proprietary Information, Seller shall notify Buyer promptly and take all commercially reasonable steps to retrieve such disclosed

Proprietary Information and to cease and prevent any further disclosure of the Proprietary Information.

21. ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE

a. Performance under this Purchase Order may require that Seller have access to technical data, computer software, or other sensitive data of another party who asserts that such data or software is proprietary. If access to such data or software is required or to be provided, Seller shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to Buyer so that Buyer can provide a copy to its Customer and the Government's Contracting Officer. Upon modification of the Prime Contract by the Government, Buyer may correspondingly unilaterally modify this Purchase Order to list those third parties with which Seller has agreement(s).

b. Seller agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Seller personnel except as authorized by the Contracting Officer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software to any other party, including, but not limited to, joint venture, affiliate, successor, or assign of Seller; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.

c. The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which Seller has access in the performance of this Purchase Order that contains proprietary or other restrictive markings.

d. Seller agrees that it will promptly notify Buyer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this Purchase Order to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.

e. Seller shall include this requirement in subcontracts of any tier which involve access to information covered by subparagraph (a), substituting "subcontractor" for "Seller" where appropriate.

f. Compliance with this requirement is a material requirement of this Purchase Order.

22. ACCESS TO THE VESSEL(S). Officers, employees and associates of other prime contractors with the Government and their subcontractors, shall, as authorized by Buyer or the Government's Representative, have, at all reasonable times, admission to the applicable plant, access to the Vessel(s) where and as required, and be permitted, within the Facility specified in the SOW or locations determined by the Government's ACO and on the Vessel(s) required, to

perform and fulfill their respective obligations to the Government. Buyer and Seller shall make reasonable arrangements with the Government or contractors of the Government, as shall have been identified and authorized by the Government's Representative to be given admission to the applicable location and access to the Vessel(s) for office space, work areas, storage or shop areas, or other facilities and services necessary for the performance of the respective responsibilities involved, and reasonable to their performance.

23. APPROVAL BY BUYER OR THE GOVERNMENT. Approval by Buyer or the Government as required under this Purchase Order and applicable specifications shall not relieve Seller of its obligation to comply with the specifications and with all other requirements of the Purchase Order, nor shall it impose upon Buyer or the Government any liability it would not have had in the absence of such approval.

24. COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT

a. Seller agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. Seller warrants that any such computer software and/or computer database will be free of viruses when delivered.

b. Seller agrees to test any computer software and/or computer database(s) received from the Government, Buyer's Customer or Buyer prior to use under this Purchase Order.

c. Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this Purchase Order must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise, the computer software or computer database does not meet the minimum functional requirements of this Purchase Order. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to Buyer, Buyer's customer, or the Government, that routine shall not disable the computer software or computer database until at least 25 calendar years after the delivery date of the affected computer software or computer database to Buyer, Buyer's customer, or the Government.

d. No copy protection devices or systems shall be used in any computer software or computer database delivered under this Purchase Order to restrict or limit the Buyer, Buyer's customer, or the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

e. Delivery by Seller to Buyer whose customer will ultimately deliver to the Government the technical data and other data is now frequently required in digital form rather than as hard copy. Such delivery may cause confusion between data rights and computer software rights. It is agreed that, to the extent that any such data is computer software by virtue of its delivery in digital data form, the Government only will be licensed to use that digital-form with exactly the same rights and limitations as if the data had been delivered as hard copy.

f. Any limited rights legends or other allowed legends placed by Seller on technical data or other data delivered in digital form shall be digitally included on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legends apply to the extent possible. Such legends shall also be placed in human readable form on a visible surface of the media carrying the digital-form data as delivered, to the extent possible.

25. INDEMNITY. Seller shall defend, indemnify, save and hold Buyer, its parent company, affiliated companies, directors, officers, agents and employees, free and harmless from and against all third-party claims, demands, and causes of action, for (i) death or injury to any person or persons (including, but not limited to, agents and employees of Seller and its Suppliers and their damages characterized as special, direct, consequential, loss of consortium, or future earnings) arising directly or indirectly out of or in connection with Seller's performance of this Purchase Order; (ii) damage or loss of any property (including, but not limited to, loss of use, lost profits, or diminution in value) arising directly or indirectly out of or in connection with Seller's performance of this Purchase Order; and (iii) infringement by Seller of any third party intellectual property rights, in all including, without limitation, claims, demands, actions, damages and liabilities based in whole or in part on the negligence or other theory of liability of Seller or Seller's subcontractors or Suppliers, and excluding only claims and liabilities based on Buyer's sole negligence or willful misconduct. This provision survives termination of the Purchase Order, and is not subject to the limitation of liability clause. Buyer may assign its right to be indemnified hereunder.

26. FORCE MAJEURE. Neither party shall be liable to the other for delays resulting from causes beyond its control and without its fault or negligence, including but not restricted to acts of God or of the public enemy, war, acts of terrorism, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or unusually severe weather. Seller shall not be liable for delays of subcontractors or suppliers of Seller only when arising from causes beyond the control and without the fault or negligence of both Seller and such subcontractors or suppliers and only when Seller could not have obtained the supplies or services from other sources in sufficient time to permit Seller to meet the required delivery schedule. Upon the happening of any circumstances or causes aforesaid, the affected party shall notify the other party as soon as possible in writing, but no later than 10 days after the affected party has a reasonable reason to know of the existence of the force majeure event and include any estimated impact on performance or delivery schedule. The party claiming a force majeure event shall provide updates every 2 days to report the status when such event continues for a period that exceeds 2 days from the start of the impact. Any relief shall be limited to an extension of delivery dates or times of performance to the extent caused thereby.

27. NO ADVERTISING OR USE OF BUYER'S TRADEMARKS. Seller and its suppliers are prohibited from advertising or publishing any information about the Purchase Order or their work in support of the Purchase Order, and are prohibited from using Buyer's or Buyer's Customer's trademarks or trade names without Buyer's prior written consent. Seller shall include this Paragraph in all lower-tier subcontracts or orders placed in support of the Purchase Order.

28. ORGANIZATIONAL CONFLICT OF INTEREST. Seller represents that its Purchase Order execution and performance does not and will not conflict with or breach any contractual, fiduciary or other duty or obligation to which Seller is bound. Seller further represents that it will not accept work which would create for Buyer or Seller an actual or apparent Organizational Conflict of Interest ("OCI") as such term is defined in FAR Subpart 9.5, unless the OCI can be mitigated to the satisfaction of Buyer's customer, when Seller is providing Goods in support of a

Government Prime Contract. Seller shall immediately provide notice to Buyer in the event that it discovers any actual or potential OCI concerns related to or arising out of the Purchase Order.

29. SELLER SAFETY AND HEALTH REQUIREMENTS FOR ACCESS TO NAVSEA/PEO SITE

a. Seller personnel shall comply with all badging and security procedures required to gain access to any NAVSEA/PEO site.

b. Seller is required to adhere to the requirements of 29 CFR 1910, 29 CFR 1926 and applicable state and local requirements while in NAVSEA/PEO government spaces.

c. Any of Seller's personnel exhibiting unsafe behavior may be removed from the NAVSEA/PEO site. Such removal shall not relieve the Seller from meeting its obligations and shall not be an excusable delay as defined in FAR 52.249-14.

30. DEPARTMENT OF LABOR SAFETY AND HEALTH STANDARDS FOR SHIPBUILDING. Attention of Seller is directed to Public Law 91 596, approved December 29, 1970 (84 Stat. 1590, 29 USC 655) known as the "OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970" and to the "OCCUPATIONAL SAFETY AND HEALTH STANDARDS FOR SHIPYARD EMPLOYMENT" promulgated thereunder by the Secretary of Labor (29 CFR 1910 and 1915). These regulations apply to all shipbuilding and related work, as defined in the regulations. Nothing contained in this Purchase Order shall be construed as relieving Seller from any obligations that it may have for compliance with the aforesaid regulations.

31. EXCLUSION OF MERCURY. Mercury or mercury containing compounds shall not be intentionally added or come in direct contact with the Goods furnished under this Purchase Order.

32. INFORMATION AND DATA FURNISHED BY THE GOVERNMENT (FIXED-PRICE)

a. Specifications. Buyer will furnish the Buyer-generated purchase specifications applicable to the work required under the Purchase Order; however, Seller is responsible for obtaining MILSPEC documents as described in paragraph (e) below.

b. Drawings and Data. Buyer will furnish drawings, design agent drawings, ship construction drawings, and/or other design or alteration data cited in the specification as mandatory for use or for performance.

c. Government Furnished Information ("GFI"). GFI is defined as that information essential for the installation, test, operation, and interface support of all Government Furnished Material enumerated on NAVSEA Form 4205/19. The Government shall furnish only the GFI identified on the NAVSEA Form 4340/2. The GFI furnished to Buyer, who in turn may furnish the GFI to Seller, need not be in any particular format. Further, the Government reserves the right to revise the listing of GFI on the NAVSEA Form 4340/2, as follows: (1) The Government Contracting Officer may at any time by written order: (i) delete, supersede, or revise, in whole or in part, data listed or specifically referenced in NAVSEA Form 4340/2; or (ii) add items of data or information to NAVSEA Form 4340/2; or (iii) establish or revise due dates for items of data or information in NAVSEA Form 4340/2. (2) If any action taken by the Government's Contracting Officer pursuant to subparagraph (1) immediately above causes an increase or decrease in the costs of, or the time required for, performance of any part of the work under this Purchase Order,

Seller may be entitled to an equitable adjustment in the Purchase Order price and delivery schedule in accordance with the procedures provided for in the clause of this Purchase Order entitled “CHANGES--FIXED-PRICE” (FAR 52.243-1).

d. Except for the Government information and data specified by paragraphs (a), (b), and (c) above, the Government will not be obligated to furnish Buyer or Seller with any specification, standard, drawing, technical documentation, or other publication, notwithstanding anything to the contrary in the specifications, the GFI listed on the NAVSEA Form 4340/2, the clause of this Purchase Order entitled “GOVERNMENT PROPERTY” (FAR 52.245-1) or “GOVERNMENT PROPERTY INSTALLATION OPERATION SERVICES” (FAR 52.245-2), as applicable, or any other term or condition of this Purchase Order.

e. Referenced Documentation. Buyer, Buyer’s customer, and the Government will not be obligated to furnish Government specifications and standards, including Navy standard and type drawings and other technical documentation, which are referenced directly or indirectly in the specifications. Such referenced documentation may be obtained as described below. (1) From the ASSIST database via the internet at <https://assist.dla.mil/>; or (2) By submitting a request to the Department of Defense Single Stock Point (“DoDSSP”) Building 4, Section D, 700 Robbins Avenue, Philadelphia, Pennsylvania 19111-5094, Telephone (215) 697-6396, Facsimile (215) 697-9398. However, commercial specifications and standards, which may be referenced in the specification or any sub-tier specification or standard, are not available from Government sources and should be obtained from the publishers.

33. SPECIFICATIONS AND STANDARDS

a. Definitions. (i) A “**zero-tier reference**” is a specification, standard, or drawing that is cited in the Purchase Order (including its attachments). (ii) A “**first-tier reference**” is either: (1) a specification, standard, or drawing cited in a zero-tier reference, or (2) a specification cited in a first-tier drawing.

b. Requirements. All zero-tier and first-tier references, as defined above, are mandatory for use. All lower tier references shall be used for guidance only.

34. UPDATING SPECIFICATIONS AND STANDARDS. If, during the performance of this Purchase Order, Seller believes that any Purchase Order contains outdated or different versions of any specifications or standards, Seller may request that all of its purchase orders be updated to include the current version of the applicable specification or standard. Updating shall not affect the form, fit or function of any deliverable item or increase the cost/price of the item to the Government. Seller should submit update requests to Buyer for approval. Seller shall perform the Purchase Order in accordance with the existing specifications and standards until notified of approval/disapproval by Buyer. Any approved alternate specifications or standards will be incorporated into the Purchase Order.

35. IDENTIFICATION MARKING OF PARTS. Identification marking of individual parts within the systems, equipments, assemblies, subassemblies, components, groups, sets or kits, and of spare and repair parts shall be done in accordance with applicable specifications and drawings. To the extent identification marking of such parts is not specified in applicable specifications or drawings, such marking shall be accomplished in accordance with the following: (1) Parts shall be marked in accordance with generally accepted commercial practice. (2) In cases where parts are so small as not to permit identification marking as provided above, such parts shall be appropriately coded so as to permit ready identification.

36. COMPLIANCE WITH LAWS. Seller shall comply with all applicable Federal, State, and local laws, Government Orders and Regulations in performing this Purchase Order. Seller covenants to save and hold Buyer harmless of and from - and to reimburse Buyer for - any and all costs, damages and expenses (including attorneys' fees) incurred by Buyer as a result of any failure of Seller to comply with any such law, regulation or order.

37. GRATUITIES AND KICKBACKS. Seller is prohibited from offering any gratuities (in the form of entertainment, gifts or otherwise) or kickbacks to Buyer or its employees or agents with a view toward securing favorable treatment under the Purchase Order or for future business opportunities other than routine business courtesies. Seller shall ensure that the substance of this Paragraph is flowed down to its own contractors and vendors. Seller also agrees that it shall promptly report to Buyer any solicitation request for a kickback. Seller's breach of this Paragraph shall be considered a material breach of the Purchase Order and of all other contracts between the parties.

38. REQUIREMENTS FOR DOMESTIC MANUFACTURE OF CERTAIN SHIPBOARD SYSTEMS AND EQUIPMENT. The work under this Purchase Order shall be subject to Section 8125 of the Consolidated Appropriations Act, 2016 (P.L. 114-113), 129 Stat. 2242. In accordance with the provisions of Section 8125 of Public Law 114-113 as amended, Seller shall ensure that the work or items it is furnishing to Buyer for the Vessels constructed under this Purchase Order shall incorporate (1) propulsion systems (that is, the engines, reduction gears, and propellers), (2) Auxiliary equipment (that is, pumps) for shipboard services, (3) shipboard cranes, and (4) spreaders for shipboard cranes which are manufactured in the United States (i.e., have more than half of their value, in terms of costs, added in the United States). Seller agrees to retain until the expiration of three (3) years from the date of final payment under this Purchase Order and make available during such period, upon request of Buyer, Buyer's customer, or the Government, records showing compliance with this clause. Seller agrees to insert this clause, in every subcontract, purchase order and option agreement issued in performance of this Purchase Order.

39. FAR/DFARS CLAUSES. The following clauses set forth in the Federal Acquisition Regulation ("FAR" available at <http://www.acquisition.gov/FAR>) and the Department of Defense FAR Supplement ("DFARS" available at <http://www.acq.osd.mil/dpap/dars/dfarspgi/current/index.html>), in effect as of the date identified below are incorporated herein by reference with the same force and effect as if they were given in full text. For purposes of this Purchase Order, the following clauses shall operate, impose the obligations and responsibilities of the parties and be interpreted as if "Government" means "Buyer," "Contracting Officer" means an authorized representative of Buyer's purchasing department, "Contract" means this "Purchase Order," "Offeror" means "Seller," "Contractor" means "Seller," and "Disputes clause" means Paragraph 9, Disputes of this Purchase Order. Seller shall also include these FAR and DFARS clauses in each lower-tier subcontract it issues, as applicable.
