This PO constitutes the complete and entire agreement between the parties and unless agreed otherwise, supersedes all previous negotiations, discussions, communications, representations, course of dealing, usage of trade, or agreements, whether oral or written, between the parties with respect to the Work. No agreement or understanding varying, contradicting or extending the terms or conditions of this PO, including but not limited to Seller provided terms and conditions included within a quote, proposal, order acknowledgement or like document, will be binding unless in writing, expressly incorporated in the PO, and signed by duly authorized representatives of both parties.

3. Acceptance

3.1. Seller shall be deemed to have accepted this PO upon the occurrence of any one of the following: (1) acknowledgment in writing, (2) commencement of performance by the Seller; or (3) delivery in whole or in part of the Work. In case any Work is defective or otherwise not in strict conformance with the requirements of this PO, Buyer shall have the right either to reject it, require its correction, or accept it with an equitable adjustment in price or other consideration. Buyer acceptance of nonconforming Work does not release Seller from its warranty or latent defect obligations. Any Work that has been rejected or requires correction shall promptly be replaced or corrected at Seller's expense, including transportation charges. In addition, Buyer reserves the right to charge Seller a rejection processing fee of four hundred dollars (\$400.00) for each time Work is rejected. If Seller fails to promptly replace or correct any Work within the PO delivery schedule, Buyer may: (a) return, re-perform, repair, replace, or re-procure the non-conforming Work at Seller's expense; and (b) terminate this PO in accordance with the Termination for Default Clause established herein. Seller shall proceed immediately to perform this PO as changed. If any such change causes an increase or decrease in the cost of or the time required for performance of this PO, or otherwise affects any other provisions of this PO, an equitable adjustment shall be made in the purchase price and/or delivery schedule as agreed to in writing by Buyer, and the PO modified in writing accordingly. Any claim by the Seller for adjustment under this Clause must be asserted in writing within twenty (20) days from the date of receipt by the Seller of the notification of change; provided, however, that Buyer, if it decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this PO. Nothing in this Clause shall excuse the Seller from proceeding with the PO as changed.

5. Product Changes/Part Obsolescence

Seller shall provide written notification to Buyer prior to making any changes to Seller's tolling, facilities, materials, or processes, and/or provide written notification to Buyer upon becoming aware of any such changes by Seller's Subcontractors at any tier, that could affect the Work in this PO. This includes but is not limited to changes to fabrication, assembly, handling, inspection, acceptance, testing, manufacturing location, parts, materials, or suppliers. performance under this PO. Notification shall not relieve Seller of its obligation to comply with PO delivery requirements.

8.3. In the event of a termination for convenience or change by Buyer, no claim will be allowed for any manufacture or procurement in advance of Seller's normal lead time(s) or in excess of what is reasonably required to meet Buyer's delivery date(s) in the absence of Buyer's prior written consent.

Such notice shall: (1) include the reason upon which the Seller bases its belief that the technical direction falls within the purview of the "Changes" Clause; and (2) include the Seller's best estimate as to revision in estimated price, performance time, delivery schedules and any other issues that would result from implementing the technical direction.

9.3. If, after reviewing the information, the Buyer is of the opinion that such direction is within the purview of the "Changes" Clause and considers such changes desirable, Buyer will issue unilateral direction to proceed pursuant to the authority granted under this Clause. In the event the Buyer determines that it is necessary to avoid a delay in performance of the PO, Buyer may, in writing, direct the Seller to proceed with the implementation of the technical direction pending receipt of the information to be submitted under subsection (9.2) above. Should Buyer later determine that change direction is appropriate; the written direction issued hereunder shall constitute the required change direction.

9.4. Failure of the Seller and the Buyer to agree on whether direction is technical direction or a change within the purview of the "Changes" Clause shall be a dispute under the "Disputes" Clause. Any action taken by the Seller in response to any direction which falls within the purview of the "Changes" Clause given by any person other than the Procurement Representative shall be at the Seller's own risk.

Seller and its Subcontractors must comply with all provisions of EO 11246 as amended, along with any applicable provisions of 41 CFR §§ 60-1.40, 60-250.4, 60-300.5(a) and 60-741.5(a) with respect to affirmative action program requirements.

26. Financial Responsibility

Seller shall, prior to commencing work under this PO, furnish such financial data and related information as may be required by Buyer to permit a determination of financial capability/responsibility under this PO. Seller shall, at no increase in PO price, promptly submit interim financial data as may be requested by Buyer to determine continuing financial capability/responsibility during the progress of work under this PO. If Seller's financial capability/responsibility are determined by Buyer to be such as may jeopardize performance hereunder, Buyer shall have the right to request, and Seller shall promptly deliver at no increase in PO price, a complete and current manufacturing data package sufficient to enable Buyer to complete or have completed the Work hereunder. Upon such request by Buyer, Seller thereby grants to Buyer a non-exclusive royalty-free license and rights under such data and patents, if furnished hereunder. Buyer agrees that, so long as Seller is not in default, Buyer will not use the drawings for such manufacture. Upon completion and acceptance by Buyer of the Work required to be performed hereunder, Buyer shall return to Seller such manufacturing data package.

27. Liens

Seller agrees that no liens, security interests, encumbrances or property rights of any kind ("Liens") shall lie or attach upon or against the Work or any Buyer Property, or any part thereof, for or on account of any work performed, provided, or service furnished by Seller pursuant to this PO. If any Lien is asserted against the Work or Buyer Property, or any part thereof, Buyer shall have the right to discharge the same by filing a bond or security, or in its discretion, by paying the amount of such claim, and in such event, Buyer shall have the right to deduct from the PO price the amount thus paid. If the PO price has been paid, Seller shall repay to Buyer, upon demand,

the amount thus paid by Buyer for the purpose of discharging such claim, plus all administrative and legal expenses incurred by Buyer.

28. Records

Unless a different period is set forth elsewhere in this PO, Seller shall retain all pertinent books, documents, papers, and records involving transactions related to this PO for a period of six (6) years after final payment on this PO. At the conclusion of this time period, Seller shall make written request to the Procurement Representative, for permission to (1) destroy such records; (2) package and ship same to Buyer; (3) maintain said records at Seller's facilities; or (4) any combination of the above.

29. Termination for Convenience

29.1. Buyer may terminate performance of Work under this PO in whole or, from time to time, in part when Buyer determines that it is in its best interest. Buyer shall terminate by issuing to the Seller a "Notice of Termination" specifying the extent of termination and effective date.

29.2. After receipt of a Notice of Termination, and except as directed by Buyer, the Seller shall immediately proceed with the following obligations in addition to any specifically included in the Notice of Termination: (1) Stop work as specified in the Notice of Termination; (2) Place no further subcontracts or orders except as necessary to complete the continued portion of this PO; (3) Terminate all subcontracts to the extent they relate to the Work terminated; (4) Complete performance of the Work not terminated; (5) As directed by Buyer, transfer title and deliver to Buyer: (i) the fabricated or unfabricated parts, Work in process, completed Work, supplies, and other material produced or acquired for the Work terminated, and (ii) the completed or partially completed plans, drawings, information, and property that, if the PO had been completed, would be required to be furnished to Buyer; and (6) Comply with the instructions by Buyer in the Notice of Termination and any subsequent written instructions.

29.3. Seller shall submit a final termination settlement proposal to Buyer in the form and with the certifications prescribed by Buyer. Seller shall submit the proposal promptly, but no later than ninety (90) calendar days from the Notice of Termination. If the Seller fails to submit the proposal within the time allowed, Buyer may determine, on the basis of information available, the amount, if any, due the Seller because of the termination and shall pay that amount. Such determination shall be conclusive.

29.4. Subject to subsection (29.3) of this Clause, the Seller and Buyer may agree upon the whole or any part of the amount to be paid or remaining to be paid due to the termination. The Seller shall be reimbursed for actual, reasonable, and allowable cost incurred up to the date of termination plus a reasonable profit on work performed (a loss rate would apply if the Seller would have sustained a loss on the entire PO had it been completed) not to exceed the total price to be paid for the remaining Work on the PO. In no event shall Buyer be obligated to pay for Seller's anticipatory profit or unabsorbed overhead on the Work terminated. Unless a later date is determined by Buyer, if within ninety (90) days of the Notice of Termination or the Seller's Settlement Proposal, whichever is later, the Seller and Buyer have not agreed on the entire amount to be paid, Buyer shall pay the Seller the amount determined by Buyer to be due the Seller. Failure of the parties to reach agreement shall be a dispute under the "Disputes"

Clause. A dispute shall not excuse Seller's obligation to continue performance on any non-terminated portion of this PO.

30. Termination for Default

30.1. Buyer may, subject to subsection (30.4) of this Clause and Clause (44), by written notice of default to the Seller, terminate this PO in whole or in part if the Seller: (1) Fails to deliver the Work within the time specified in this PO or any extension; (2) Fails to make progress, so as to endanger performance of any Work and/or this PO; (3) Fails to perform or breaches any of the provisions of this PO; or (4) Files a petition of any type as to its bankruptcy, is declared bankrupt, becomes insolvent, makes an assignment for the benefit of creditors or goes into liquidation or receivership.

30.2. Buyer's may terminate this PO under subsections (30.1) (2) and (30.1) (3) of this Clause if the Seller does not cure such failure within ten (10) days (or more if authorized in writing by Buyer) after receipt of the notice from Buyer specifying the failure.

30.3. If Buyer terminates this PO in whole or in part, it may acquire, under the terms and in the manner Buyer considers appropriate, Work similar to those terminated, and the Seller will be liable to Buyer for any excess costs of such Work. However, the Seller shall continue the Work not terminated.

30.4. If the failure to perform is caused by the default of a Subcontractor at any tier, and if the cause of the default is beyond the control of both the Seller and Subcontractor, and without the fault or negligence of either, the Seller shall not be liable for any excess costs for failure to perform, unless the subcontracted Work were obtainable from other sources in sufficient time for the Seller to meet the required delivery schedule.

30.5. If this PO is terminated for default, Buyer may require the Seller to transfer title and deliver to Buyer, as directed by Buyer, any completed Work and partially completed Work that the Seller has specifically produced or acquired for the terminated portion of this PO. Upon direction of Buyer, the Seller shall also protect and preserve property in its possession in which Buyer has an interest.

30.6. Buyer shall pay the PO price for completed Work delivered and accepted. Seller and Buyer shall agree on the payment for other Work delivered and accepted and for the protection and preservation of all Work not yet delivered to Buyer. Failure to agree will be a dispute under the "Disputes" Clause. Buyer may withhold from these amounts any sum Buyer determines to be necessary to protect Buyer against loss due to outstanding liens or related claims.

30.7. If, after termination, it is determined that the Seller was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Buyer. Seller agrees that any assistance given them by Buyer on this PO or any acceptance of delinquent or nonconforming Work will be solely for the purpose of mitigating damages. It is not the intention of Buyer to condone any delinquency, waive any defect, or waive any rights Buyer has under this PO. The rights and remedies of Buyer in this Clause are in addition to those provided by law or under this PO.

31. Buyer Property

31.1. Buyer may provide or make available to Seller certain real or personal property or material owned by either Buyer or its customer, including without limitation, tooling and raw material inventories (“Buyer Property”). 31.2. Unless otherwise provided on the face of this PO, all Buyer Property shall be provided “AS IS” and without warranty. Buyer shall have access at all reasonable times to the premises on which Buyer Property is located for the purpose of inspecting or retrieving the Buyer Property when deemed necessary by Buyer. Buyer Property, while in Seller’s custody or control, shall be held at Seller’s risk and Seller shall be responsible for any loss, damage, or destruction thereof except for reasonable wear and tear, and except to the extent that such property is reasonably consumed in the performance of this PO. Seller shall immediately notify the Buyer if Buyer Property is lost, damaged, or destroyed.

31.3. In the event that Buyer provides to Seller property or material owned by the US Government, or if Buyer otherwise acquires property to which title is held by the US Government (collectively “Government Property”), Seller shall establish and maintain a property system in accordance with FAR Part 45. If Seller acquires Government Property from a source other than the Buyer, Seller promptly shall furnish to Buyer copies of purchase orders, work orders, receiving reports or other pertinent data reasonably needed to facilitate Buyer’s addition of these items to its own Government Property records. If the Seller has a US Government-approved Property Control System (“System”), Seller shall keep Buyer informed of the Government approval status of that System. In the event that the US Government determines Seller’s System to be “unsatisfactory”, or that three or more separate categories of the System are “unsatisfactory”, Seller shall notify Buyer immediately and provide a copy of the US Government’s findings and the Seller’s corrective action plan.
